

Hadron::RepRep

```
graph BT; HadronJ3o2uRep[Hadron::J3o2uRep] --> HadronRepRep[Hadron::RepRep];
```

The diagram illustrates a class hierarchy. At the bottom is a gray-shaded box labeled 'Hadron::J3o2uRep'. A blue arrow points vertically upwards from this box to a white box at the top labeled 'Hadron::RepRep'. This indicates that 'Hadron::J3o2uRep' inherits from or is a specialization of 'Hadron::RepRep'.
