The diagram illustrates a C++ source file's dependencies. A central box at the top represents the source file: `/Users/archanar/Kinematic_factor/adat_devel/other_libs/minuit/src/SqrtUpParameterTransformation.cxx`. Two blue arrows point downwards from this box to two separate header files. The left arrow points to `Minuit2/SqrtUpParameterTransformation.h`, and the right arrow points to `Minuit2/MnMachinePrecision.h`.
