

ENSEM::OVector::OVector

ENSEM::OVector::operator=

ENSEM::OVector::checkResize

```
graph LR; A[ENSEM::OVector::OVector] --> C[ENSEM::OVector::checkResize]; B[ENSEM::OVector::operator=] --> C;
```

The diagram illustrates a relationship between three code elements. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'ENSEM::OVector::OVector' and the bottom box contains 'ENSEM::OVector::operator='. Two blue arrows originate from the right side of these boxes. The arrow from the top box points to the top edge of a third box on the right, and the arrow from the bottom box points to the bottom edge of the same box. This third box is gray with a black border and contains the text 'ENSEM::OVector::checkResize'.
