

/Users/archanar/Kinematic
_factor/adat_devel/other
_libs/minuit/src/MnMachinePrecision.cxx

```
graph TD; A["/Users/archanar/Kinematic  
_factor/adat_devel/other  
_libs/minuit/src/MnMachinePrecision.cxx"] --> B["Minuit2/MnMachinePrecision.h"]; A --> C["Minuit2/MnTiny.h"];
```

The diagram illustrates a source file's relationship to header files. A top box contains the full path to `MnMachinePrecision.cxx`. Two arrows point from this box to two separate boxes below, representing the header files `MnMachinePrecision.h` and `MnTiny.h` located in the `Minuit2` directory.

Minuit2/MnMachinePrecision.h

Minuit2/MnTiny.h
