```
graph TD; A["/Users/archanar/Kinematic_factor/adat_devel/other_libs/minuit/src/mntplot.cxx"] --> B["math.h"]; A --> C["stdio.h"]; A --> D["string.h"];
```

The diagram illustrates the dependencies of the source file `mntplot.cxx`. A central box at the top contains the full file path. Three arrows point downwards from this box to three separate boxes below, each representing a header file that the source file depends on: `math.h`, `stdio.h`, and `string.h`.

math.h

stdio.h

string.h
