

/Users/archanar/Kinematic
_factor/adat_devel_install
/include/adat/singleton.h

```
graph TD; A["/Users/archanar/Kinematic_factor/adat_devel_install/include/adat/singleton.h"] --> B[algorithm]; A --> C[stdexcept]; A --> D[cassert]; A --> E[cstdlib]; A --> F[new];
```

The diagram illustrates a file path at the top, which then branches out via arrows to five separate boxes below, each containing a C++ standard library header name.

algorithm

stdexcept

cassert

cstdlib
