

ROOT::Minuit2::GradientCalculator

```
graph BT; A[ROOT::Minuit2::Numerical2 PGradientCalculator] --> B[ROOT::Minuit2::GradientCalculator];
```

The diagram illustrates a class hierarchy. At the bottom is a grey-shaded box containing the text "ROOT::Minuit2::Numerical2 PGradientCalculator". Three blue arrows originate from the top of this box and point upwards to the bottom of a white box above it, which contains the text "ROOT::Minuit2::GradientCalculator". This indicates that the bottom class inherits from the top class.
