The diagram illustrates a dependency chain between three header files. The top box, which has a gray background, contains the path to `ensem_primspinevec.h`. A blue arrow points from the middle box to this top box. The middle box contains the path to `ensem_primitive.h`. Another blue arrow points from the bottom box to the middle box. The bottom box contains the path to `ensem.h`. All boxes have a black border and contain the same directory path: `/Users/archanar/Kinematic_factor/adat_devel/lib/ensem/`.
