

ADATIO::write

```
graph LR; A[ADATIO::write] --> B[ADATIO::write]; B --> C[ADATIO::BinaryWriter::write];
```

The diagram illustrates a sequence of three function calls. The first call, 'ADATIO::write', is shown in a grey-shaded box. A blue arrow points from this box to a second, white box also labeled 'ADATIO::write'. Another blue arrow points from the second box to a third, white box labeled 'ADATIO::BinaryWriter::write'.
