

/Users/archanar/Kinematic
_factor/adat_devel/install
/include/hadron/glueball_elem_type.h

```
graph BT; A["/Users/archanar/Kinematic_factor/adat_devel/main/dbutil/dbkeys.cc"] --> C["/Users/archanar/Kinematic_factor/adat_devel/install/include/hadron/glueball_elem_type.h"]; B["/Users/archanar/Kinematic_factor/adat_devel/main/dbutil/dbkeys.cc"] --> C;
```

The diagram illustrates a dependency structure. At the top, a grey-shaded box contains the path to a header file: /Users/archanar/Kinematic_factor/adat_devel/install/include/hadron/glueball_elem_type.h. Below this box are two white boxes, each containing the path to a source file: /Users/archanar/Kinematic_factor/adat_devel/main/dbutil/dbkeys.cc. Two blue arrows point from the top of each source file box to the bottom of the header file box, indicating that both source files depend on or include the header file.
