

ROOT::Minuit2::FunctionMinimizer

```
graph BT; A[ROOT::Minuit2::ModularFunctionMinimizer] --> B[ROOT::Minuit2::FunctionMinimizer];
```

The diagram illustrates a class hierarchy. At the bottom is a gray-shaded box labeled 'ROOT::Minuit2::ModularFunctionMinimizer'. Two blue arrows point upwards from this box to a white box at the top labeled 'ROOT::Minuit2::FunctionMinimizer', indicating that the bottom class inherits from the top class.
