

IMultiGenFunction

```
graph BT; A[ROOT::Math::WrappedMultiFunction< Func >] --> B[IMultiGenFunction];
```

The diagram illustrates an inheritance relationship. At the bottom is a gray rectangular box containing the text 'ROOT::Math::WrappedMultiFunction< Func >'. Three blue arrows originate from the top edge of this box and point upwards to the bottom edge of a white rectangular box above it, which contains the text 'IMultiGenFunction'. This indicates that the class in the gray box inherits from the class in the white box.

ROOT::Math::WrappedMulti
Function< Func >
