

ROOT::Minuit2::FumiliStandard
Chi2FCN::EvaluateAll

ROOT::Minuit2::FumiliStandard
MaximumLikelihoodFCN::EvaluateAll

ROOT::Minuit2::Parametric
Function::GetGradient

```
graph LR; A[ROOT::Minuit2::FumiliStandard<br/>Chi2FCN::EvaluateAll] --> C[ROOT::Minuit2::Parametric<br/>Function::GetGradient]; B[ROOT::Minuit2::FumiliStandard<br/>MaximumLikelihoodFCN::EvaluateAll] --> C;
```

The diagram consists of three rectangular boxes. Two boxes are on the left, stacked vertically. The top box contains the text 'ROOT::Minuit2::FumiliStandard' and 'Chi2FCN::EvaluateAll'. The bottom box contains 'ROOT::Minuit2::FumiliStandard' and 'MaximumLikelihoodFCN::EvaluateAll'. A single box is on the right, containing 'ROOT::Minuit2::Parametric' and 'Function::GetGradient'. Two blue arrows point from the right side of the left boxes to the left side of the right box.
