

Fiber only types and
operations

Scalar observable

```
graph LR; A[Scalar observable] --> B[Fiber only types and operations]
```

The diagram consists of two rectangular boxes. The box on the left is white with a black border and contains the text 'Fiber only types and operations' on two lines. The box on the right is gray with a black border and contains the text 'Scalar observable' on one line. A black arrow points from the right side of the gray box to the left side of the white box, indicating a relationship or flow from 'Scalar observable' to 'Fiber only types and operations'.
