The diagram illustrates a header file's dependencies. A central box at the top contains the path `/Users/archanar/Kinematic_factor/adat_devel_install/include/hadron/irreps_cubic_factory.h`. Four arrows originate from the bottom of this box and point to four separate boxes below it. These boxes contain the following file names: `adat/singleton.h`, `adat/objfactory.h`, `hadron/irreps_cubic.h`, and `string`.
