

ENSEM::OVector::checkSize

```
graph LR; A[ENSEM::OVector::checkSize] --> B[ENSEM::OVector::size]
```

A diagram showing a call from the `checkSize` method to the `size` property. The `checkSize` box is shaded gray, and the `size` box is white. A dark blue arrow points from the right side of the `checkSize` box to the left side of the `size` box.

ENSEM::OVector::size
